

Flow Boost

**FOR ALL 20/200 LITRE
VISCO STAR AND
VISCO STAR PLUS PLANTS**

THE NEW FLOW BOOST:

Now available as an **OPTION** for every new Visco Star and Visco Star Plus plant system.

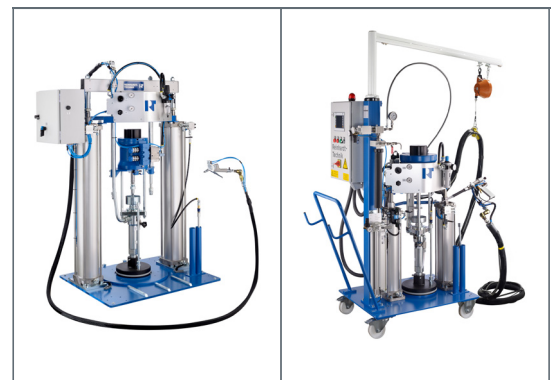

You wish the maximum output performance also for your existing plant? No problem: The new **FLOW BOOST** is also available as **RETROFIT KIT**.

High operational reliability is secured also for processing of materials that harden by air humidity - thanks to the integration of a sealing agent level.

Note: In case of special hose connections please clarify the applicability of the **FLOW BOOST** with us prior to installation.

UP TO 50% PERFORMANCE INCREASE FOR YOUR VISCO STAR

The days are gone when you had to play it safe and limit the material pressure of your machine. With Reinhardt-Technik's newly developed **FLOW BOOST** you take advantage of the full power of your Visco Star or Visco Star Plus. **FLOW BOOST** helps to protect your hoses from excessive material pressure.

YOUR GLOBAL PARTNER FOR METERING AND MIXING TECHNOLOGY

- Processing and application of single and multi component adhesive and sealants as well as casting/encapsulation liquids.
- Ambient and temperature conditioned equipment
- Complete systems for manual or fully automatic processes
- Innovative process control and verification

We look forward to discuss further details with you.
